

BE A PART

Presented By 

of the nation's largest award-winning water education festival

(714) 378-3257

www.childrenwaterfestival.com

April 15 - 16, 2026
Oak Canyon Park

The award-winning Children's Water Education Festival is the largest event of its kind in the United States and will take place April 15 and 16, 2026 at Oak Canyon Park in Silverado. Approximately 6,000 third, fourth and fifth grade students and their teachers are expected to attend the event, presented by the Orange County Water District (OCWD).

The Festival presents a unique opportunity to educate students about water and the environment. Since inception, more than 158,000 Children from schools throughout Orange County have been able to experience the Festival and all it has to offer.

The Festival is provided at no cost to schools, making public and private financial support crucial to the success in educating our youth. As a sponsor, you will receive prominent recognition for your contribution.

We have designed many sponsorship levels and opportunities for the community to participate. Customized sponsorship opportunities are also available, including transportation for schools in your service area.

Visit www.ChildrenWaterFestival.com to quickly and easily complete your sponsorship commitment form.

Please submit sponsorship materials by Friday, March 6, 2026 to guarantee inclusion in sponsorship benefits. Contact Michelle Diaz at (714) 378-3257 or mdiaz@ocwd.com for additional information.

Save time and the environment; pay online via credit card! Need to pay by check? Make checks payable to 'National Water Research Institute' and mail to

GIVING BACK

to promote your business and support your community, contribute to the **2026 Children's Water Education Festival**

It is more important than ever to teach children that they can be responsible by making 'blue' and 'green' choices to help protect precious water resources and the environment. Your investment in today's youth is an investment in our future!

Sponsoring the Festival provides businesses and organizations with unique opportunities to meet their strategic goals:

- *Environmental/Green Initiatives*
- *Corporate Philanthropy*
- *Community Involvement*
- *Corporate Responsibility*
- *Increased Positive Brand Recognition/Exposure*

"As a longtime sponsor and presenter at the Children's Water Education Festival, the Orange County Stormwater Program (H2OC) has had the privilege of educating thousands of students about protecting water quality and preventing pollution in our community. H2OC is a collaborative effort between the county and each of Orange County's 34 cities, working to reduce stormwater pollution and comply with federal and state water quality regulations. For over a decade, H2OC's involvement in the Festival has allowed students to actively engage in learning how they can help preserve our water resources through hands-on activities, interactive displays, and educational presentations. We are proud to continue sponsoring this event and remain committed to fostering environmental stewardship among Orange County's youth."

Sabah Awan, Environmental Resources Specialist/ Public Education Program Administrator, Orange County Stormwater Program (H2OC)

THANK YOU

to last year's sponsors, who support our commitment to educate youth about water and the environment
